

## Certificate of Conformity

NT K+D AG herewith confirms that our standard parts are conforming to RoHS, CMR and REACH.

### Adherence to Guarantee:

1. Standard- and/or custom made parts are being ordered according following instruction:  
Deliveries have to be made according latest RoHS, EU CMR and REACH specifications.
2. We request from our suppliers specific data sheets on materials.
3. We only accept signed confirmations from our suppliers with detailed listing of standards.
4. Confirmation to customer is made with this documents or with certificate EN10204/2.1.

### Tests:

1. NT K+D AG does not test any parts regarding above mentioned standards/guide lines.
2. Registration of standards/guide lines is made without exception by our suppliers with the responsible authorities.

### Notification:

NT K+D AG has a duty for notification with these standards/guide lines. This is being followed-up without exception upon reception of such a notification of supplier.

### Designation of Standards:

EG Guideline 2002/95/EG (**RoHS**) respectively 2011/65/EU (**RoHS2**), the 2015/863/EU (**RoHS3**)  
It serves to limit the use of hazardous substances in electric equipment.

**Conflict minerals** refer to human rights groups as mineral resources and other natural resources that are cultivated or promoted in conflict or high-risk areas.

Decree (EG) Nr. 1907 / 2006 **REACH**.

Registration, rating, admission and limitation of chemicals.

Our products have not to be listed in the SCIP Database of ECHA

All of our products are free from **asbestos** fibers.
