

## Certificate of Conformity RoHS, EU CMR, REACH

NT K+D AG herewith confirms that our standard parts are conforming to RoHS, CMR and REACH.

### Adherence to Guarantee:

1. Standard- and/or custom made parts are being ordered according following instruction:  
**Deliveries have to be made according latest RoHS, EU CMR and REACH specifications.**
2. We request from our suppliers specific data sheets on materials.
3. We only accept signed confirmations from our suppliers with detailed listing of standards.
4. Confirmation to customer is made with this documents or with certificate EN10204/2.1.

### Tests:

1. NT K+D AG does not test any parts regarding above mentioned standards/guide lines.
2. Registration of standards/guide lines is made without exception by our suppliers with the responsible authorities.

### Notification:

1. NT K+D AG has a duty for notification with these standards/guide lines. This is being followed-up without exception upon reception of such a notification of supplier.

### Designation of Standards:

EG Guideline 2002/95/EG (**RoHS**) respectively 2011/65/EU (**RoHS2**), the 2015/863/EU (**RoHS3**)

It serves to limit the use of hazardous substances in electric equipment.

EU **Conflict Minerals** Directive (EU CMR)

Conflict minerals are raw materials that are mined in high-risk areas and (often) finance armed conflicts.

Their extraction usually also leads to human rights violations.

Decree (EG) Nr. 1907 / 2006 **REACH**.

Registration, rating, admission and limitation of chemicals.

### SCIP DB from ECHA

Our products do not need to be listed in ECHA's SCIP DB as they do not contain SVHCs.

All of our products are free from **asbestos** fibers.
